A Word from the Publishers

The Academy takes pride in placing this second issue of its Journal in the hands of its esteemed readers now, after braving some more teething troubles. The earlier title PRAJÑĀLOKAḤ used for its first issue could not be cleared by the Registrar of Newspapers for India, New Delhi. This alternate title TATTVADĪPAḤ has been cleared by the authorities recently in August 89. This issue had to wait till then to take shape. It is hoped that the readers would appreciate the reasons for some delay in its publication. We seek their forgiveness.

The Academy is thankful to the members of the editorial board for their continued labour of love. It is equally indebted to the renowned scholars who have contributed their valuable articles for the Journal.

We are conscious that all those who enrol as subscribers to TATTVADĪPAḤ are helping the cause of research in the fields of Indian Philosophy and Indology. In spite of the raising costs, the annual subscription is retained at the same rate of Rs. 20/- per annum. Consequently the second number of Volume I is treated as being combined with this number which is now counted as Volume II — Numbers 1 and 2 for the year 1989.

The Academy would strive to be regular in bringing out further issues. This issue will be mailed to all subscribers who have paid subscription for the earlier number. They are requested to subscribe for the next year 1990 as early as possible.

From Editor's Desk

We are happy to place the second volume of our Journal in the hands of our esteemed readers. The inaugural issue of the Journal was named Prajñâloka. The Journal is now rechristened with the present issue as TATTVADĪPAḤ a title now duly cleared by the Registrar of Newspapers in India. We had to wait for some time for this clearance by the authorities causing considerable delay in the release of this volume. We regret the delay and crave the indulgence of our readers for excuse. At the same time we are happy that the Journal has been well received by scholars and the public alike. We sincerely thank all our well-wishers and contributors while looking forward to their continued co-operation and support.

TATTVADĪPAḤ is not different from Prajñâloka. While the former title suggested the light of lamp and learning, the revised title stands for the Lamp of Reality. Let us hope that this lamp of our Journal will continue to burn bright and enlighten us spreading the light of our glorious heritage all around.
