**Criteria 4.2.2: E Bharathi Sampat**

**E Bharathi Sampat:** E-bharatisampat is an online digital library of free content textual sources in Samskrit, jointly operated by Samskrita Bharati and Samskrit Promotion Foundation. This project aims to host all forms of free Samskrit texts and translations. The project officially began in May 2017 under the name Project Digitized Samskrit Corpus. The name E-bharatisampat was adopted later that year and it received its own domain name six months later. The project holds works that are either in the public domain or freely licensed; professionally published works or historical source documents and not vanity products; those that are verifiable. Verification was initially made offline, or with the help of other reliable digital libraries.
