6. Bharatavani Portal : The Bharatavani Project (BvP), a knowledge

initiative is launched by the Ministry of Education (MOE), Government of India. This Project aims to build a searchable knowledge repository in and about all the languages in India in multimedia (text, audio, video, images) formats through an online portal. The Bharatavani Portal will be accessible to all sections of society. The Project is being implemented by the Central Institute of Indian Languages, Mysuru, Karnataka. The Portal offers open knowledge under fair usage clauses of The Copyright (Amendment) Act, 2012, for educational purposes.

Providing available knowledge already created by the Government and publicly funded institutions all over India, and putting it across for the public usage, by deploying robust, interactive, user friendly web tools will be the main thrust of the Bharatavani Project. The Project will be guided by a National Advisory Committee and a Technology Advisory Committee, besides Language Editorial Committees in each of the languages. The MHRD seeks active participation of the knowledge organisations, individuals in this ambitious project resulting in a massive social movement of knowledge sharing.

The Bharatavani Portal would publish the content in the following main sections:

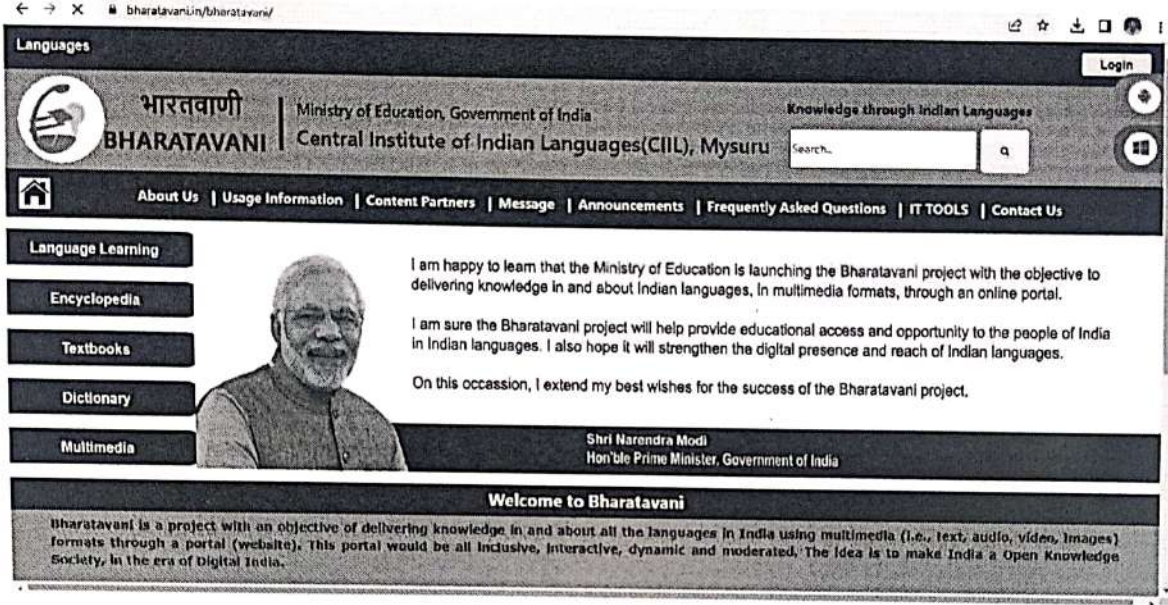

1. PaaThyapustaka Kosha: Textbooks
2. Jnana Kosha : Knowledge base (Digitisation underway)
3. Shabda Kosha: Dictionaries
4. Bhasha Kosha : Language learning
5. Suchanaa Praudyogikii Kosha : IT tools (Linked to TDIL)
6. Bahumaadhyama Kosha: Multimedia

Below the header, there is a navigation menu with links for 'About Us', 'Usage Information', 'Content Partners', 'Message', 'Announcements', 'Frequently Asked Questions', 'IT TOOLS', and 'Contact Us'. The main content area features a portrait of Shri Narendra Modi and a message from him regarding the launch of the Bharatavani project. The message states: 'I am happy to learn that the Ministry of Education is launching the Bharatavani project with the objective to delivering knowledge in and about Indian languages, in multimedia formats, through an online portal. I am sure the Bharatavani project will help provide educational access and opportunity to the people of India in Indian languages. I also hope it will strengthen the digital presence and reach of Indian languages. On this occasion, I extend my best wishes for the success of the Bharatavani project.' Below the message, it identifies him as 'Shri Narendra Modi, Hon'ble Prime Minister, Government of India'. A 'Welcome to Bharatavani' section at the bottom explains the project's objective: 'Bharatavani is a project with an objective of delivering knowledge in and about all the languages in India using multimedia (i.e., text, audio, video, images) formats through a portal (website). This portal would be all inclusive, interactive, dynamic and moderated. The idea is to make India a Open Knowledge Society, in the era of Digital India.'
