From the Desk of Vice Chancellor

The Karnataka Samskrita University was established by the Government of Karnataka in the year 2010 with the vision and mission of bringing many disciplines of Samskrita under a single umbrella, maintaining uniformity in education, providing greater opportunities for study at national and international level.

“संस्कृतं नाम जीवोत्कर्षिणी न केवलं भाषा” Samskrita is not only a language, but it is an emotion and a symbol of the Bharatiya Samskriti. Many profound books of knowledge, in the diverse fields, such as Philosophy, Physical Sciences, Social Sciences, Arithmetic, Nyaya, Ayurveda, Vyakarana – Knowledge systems of Indian Heritage, were all written in Samskrita.

The University has eight full-fledged departments exclusively for the development of Samskrita literature. It offers a wide range of programmes starting from UG, PG, Ph.D., Diploma, PG Diploma, certificate courses and so on.

In my humble opinion, the heart of true Bharateeya education lies in Samskritam alone - “ya vidya sa vimuktaye’- says the Veda. Through the knowledge of Samskrita one can enhance the Rasaaswadana. It is an elevated experience to study the Samskrita and good means of livelihood.

This Prospectus provides you with useful information about Karnataka Samskrita University’s background, admission requirements, structure of its academic programmes and general information about the services and facilities available in this University.

We look forward to receiving you as a new member of the Karnataka Samskrita University community. Join us and be proud of your identity as a student of Karnataka Samskrita University.

❖ Department of Alankara:

Alankara shastra deals with various theories like Alankara, Rasa, Reeti, Dhvani, Guna, Vakrokti, Auchitya etc. Detail study of these theories are of utmost importance to understand the Indian literary criticism and Indian poetics. Poetry was mostly governed by the Alankaras, the rules of critical science. Critics believed that any association of word and memory having a special quality generates kavya. The creation of mnemonic rhymes was considered essential to poetry. Poetry was considered as having two qualities: Alankara and Guna or “meaning” and “essence.” There is an unbroken line of literary theory and criticism in Indian culture that goes back at least as far as the Western tradition. Indian criticism constitutes an important and largely untapped resource for literary theorists, as the Indian tradition in important respects assigns a more central role to literature than the Greek tradition does. Literary criticism in India resulted from the historical developments in poetry and drama.

BHAGAVAT RAMANUJACHARYA NATIONAL RESEARCH INSTITUTE, MELUKOTE (BRNRI)

Melukote has been a holy shrine renowned for its history, tradition and rich heritage. Diverse Puranic accounts accord an epithet 'Jnanamantapa' (the abode of knowledge) to this place as great legacy of tradition, culture and Samskrita learning has been associated with it. A living vibrant temple tradition along with traditional learning ways is an integral part of its society. The harmonious social fabric brought about by Acharya Sri Bhagavat Ramanuja one thousand years ago which lives here even today has to be significantly remembered as his greatest contribution to the society considering present social conditions everywhere. Both his philosophical treatises as well as his social commitments bear the stamp of clarity, integrity and equanimity. His divinity, power and genuine social concern have been the invisible factor working positively for melukote even to this day.

Keeping in mind the special position of philosophy, school of thought, tradition, social values and the vision of Sri Bhagavad Ramanujacharya, the Government of Karnataka established the Academy of Samskrita Research in Melukote in 1976.

The institute has completed four decades of meaningful existence in pursuit of excellence with financial grants coming from the Government of Karnataka. It has collected and preserved 10000 invaluable palm leaf manuscripts and 31000 books of immense value in the library. It has been constantly engaged in research and publication activity.

It has brought forth 166 publications till date. The list of publications includes critical editions, research works, and translations in Samskrita, Kannada and English.

Alumni Testimonial:-

I am delighted to share my testimonial about my experience studying for my Bachelor's and Master's degrees at Karnataka Sanskrit University. This esteemed institution has truly been a transformative and enriching academic journey for me. First and foremost, the faculty members at Karnataka Sanskrit University are highly knowledgeable and dedicated to imparting quality education. Their expertise in Sanskrit language, literature, and culture is unparalleled, and their passion for teaching is evident in their engaging lectures and personal attention to each student. They create a conducive learning environment that encourages critical thinking, exploration, and academic growth.

The curriculum offered by Karnataka Sanskrit University is comprehensive and well-structured. It provides a perfect blend of theoretical knowledge and practical application, ensuring a holistic understanding of Sanskrit language, literature, philosophy, and other related disciplines. The university's emphasis on research and academic rigor has equipped me with the necessary skills to analyze complex texts, conduct in-depth research, and present my findings effectively.

Asha, MA Nyaya

I had a big desire to study Sanskrit Shastra to start this journey I was fortunate enough to join this Institution. In the batch 2019-21 I studied Vyakarana Shastra under Prof. Shivani, who has got a deep knowledge in the Shastra. The faculty over here give special attention to each student. With the different methods used by different faculties it was interesting and easy to learn the subjects. Along with this Faculty have been very supportive to students to learn new things and make new innovations. I am so thankful to all faculty members for their support and express huge respect to all of them for bringing out the best in me.

Nagashree G, MA Vyakarana

It makes me feel immensely fortunate to get an opportunity to complete my six plus years of academic courses and to continue my research at Karnataka Samskrita University, while giving me a paradigm shift into Samskrita from regular technical world. The faculty here leaves no stone unchisled to turn it into a jewel. I express my huge respect, love and devotion towards all my teachers at the university for turning me into a Samskrita literate.

Ajith Niranjan Y A, MA Vedanta

I studied BA in KSU between 2013-2016. I belonged to the first batch of Campus Evening College. I took a break of 2 years and thereafter studied MA Vedanta between 2018-2020. Thereafter, I cleared the UGC NET as well as KSET Exams and have now enrolled as a PhD Student. I am blessed to have travelled on this journey along with our university's journey, from a single classroom facility to the large multi-department institution that it is today.

I didn't come to KSU with a strong Samskrita background. The handholding through bridge course and spoken Sanskrit courses was really helpful to me. From the very basics, I have been guided along the path to studying Shastric texts like Tarka Sangraha, Yoga Sutras in BA and even Upanishat Bhashyas and Brahmasutra in MA.

My interest has been kindled to study even further and I am ever grateful to my Teachers and Faculty for guiding me along this learning path. I am truly blessed to have come to KSU.

Nagendra Kaushik, MA Vedanta
