## Universities Emblem & Motto.

The emblem of Karnataka Samskrit University was created by a famous artist of Karnataka, Sri. Muralidhara V Rathod. The logo, as conceptualized by the honourable Vice Chancellor and the artist, is unique. It contains the title of the university in Devanagari, English and Kannada scripts. Devanagari script has been chosen since the university is established for the promotion of Samskrit language, literature and knowledge. Devanagari has been extensively used since ancient times for representing many Indian languages. Through Devanagari script, the University symbolises the greatness of the divine language, Samskrit. The expanse and global reach of the university is signified by the English script. The university is the dream-child of the Karnataka government. It is a representative of all Samskrit scholars of Karnataka, and also intends to nurture mutual co-operation between Samskrit and Kannada languages. This is signified by the use of Kannada script in the logo.

The bird used in the logo is Peacock, the National bird. The peacock represents beauty and creativity. The vast expanse of knowledge which will be nurtured by the university is symbolically represented by this peacock. It emphasizes the vision that human life should be entwined inseparably with knowledge.

Motto for the university has been chosen from Mahabharata of Vedavyasa. The motto has been represented in Devanagari script in the logo. 'prajvālito jñānamayaḥ pradīpaḥ' indicates the supremacy of knowledge. This motto represents the objective of the university to unite ancient and modern knowledge systems. The lamp of knowledge should light up this world, going beyond place and time – this is the objective. This lamp will never be extinguished. It is not fueled by oil, but by knowledge itself, and will continue to burn forever. The logo and motto of the university represent this dream, with which the university has been set up.

### **Title of Project: An Interpretable Unified Framework for Text-to-Text Translation among Indian Languages using Sanskrit-based Interlingua Representation.**

The project aims at developing a linguistically faithful and interpretable translation system for the translation of text among multiple Indian languages. The project proposes to use an Interlingua framework rooted on the traditional grammatical system of Sanskrit. Towards this primary objective of text to text translation, the project will have the following sub-objectives:

#### **The sub-objectives are:**

- a) Develop an explainable interlingua interpreter that can capture linguistic characteristics of the languages considered under the framework and facilitate translation among these languages
- b) Develop a text-to-text (T2T) translation module for translation among text in different languages and the interlingua structure.

Sanskrit Book Award:

To strengthen Sanskrit education and research in Karnataka, the state government established Karnataka Sanskrit University. In addition to conferring degrees, the university has initiated various projects and programs aimed at the promotion and development of the Sanskrit language. One such initiative is the Book Award Program.

Karnataka has a long-standing history in the composition and publication of Sanskrit literature. Many scholars are actively engaged in creating prose and poetry in Sanskrit. Numerous young talents are also showcasing their skills in book writing. Each year, the contributions of authors from Karnataka to the world of Sanskrit literature are significant. However, there are currently no state-level incentives or awards available to encourage such creative works.

In this context, Karnataka Sanskrit University initiated the "Book Award Program" in the academic year 2010-11. Over the past ten years, the program has recognized contemporary exemplary Sanskrit texts. The award comprises a certificate, a plaque, a shawl, and a cash honorarium of ₹10,000.

DATE- 12 TH AUGUST 2023

VENUE- KSU , IN COLLABORATION WITH NSS TEAM KSU

Ragging is a disturbing reality in the higher education system of our country. Despite the fact that over the years ragging has claimed hundreds of innocent lives and has ruined careers of thousands of bright students, the practice is still perceived by many as a way of 'familiarization' and an 'initiation into the real world' for young college-going students. Other organisations/bodies working in this field have also attempted to define ragging, the variety of definitions being reflective of differences in perspective. So anti ragging day was observed at KSU in collaboration with NSS volunteers of KSU .

## **E-GOVERNANCE (I.T.CELL)**

In order to provide services quickly and easily in the interest of the students, e-Governance system has been adopted in the departments of the university.

1. UUCMS
2. SSP
3. HRMS
4. e-Office
5. NAD
6. AISHE

- UUCMS (Unified University and College Management System) –Unified University and College Management System is one of the flagship programs of Higher Education Department and Government of Karnataka and Karnataka is the first state in the country to implement this system. UUCMS will centralize and unify all universities and colleges, provide various information under one system and computerize the functioning of higher education institutions. All phases of learning from student enrollment, examinations and graduation can be handled within a single system of UUCMS. Also, from the day teachers join the institution, their research, evaluation, academic performance, promotion, curriculum, lesson planning, classroom monitoring, student attendance and other activities are an integral part of this system.

Karnataka Sanskrit University has been adopted this scheme since the year 2021-22 through UUCMS system for enrollment of first year undergraduate students of the current academic year. The examination of BA and MA classes is conducted through the UUCMS and our university is the first in the state to send the question papers OQPD (Online Question Paper Delivery) of the UG and PU classes simultaneously through the UUCMS .

### **SSP(State Scholarship Portal) –**

The Unified State Scholarship Scheme (SSP) has been developed by the e-Governance Center for sanctioning pre-matric and post-matric scholarships under various schemes of various departments of the Government of Karnataka.

All the universities under the Higher Education Department had ordered to adopt e-office system. Accordingly e-office has been implemented in Karnataka Sanskrit University. Files are uploaded online and Movement through this scheme.

National Academic Depository (NAD): The National Academic Depository (NAD) was established as an initiative to provide an online storehouse for all

academic credentials. The National Academic Depository (NAD) serves as a 24x7 online storehouse for all academic credentials, such as certificates, diplomas, degrees, mark sheets, etc. These documents have been properly digitized and submitted by educational institutions/boards/qualification assessment bodies. OMA ensures not only easy access and retrieval of academic credentials but also facilitates their verification and secure storage.

This project has been implemented at Karnataka Sanskrit University, and the mark sheets of approximately 7 years of students have already been uploaded.

- **AISHE (All India Survey on Higher Education)**

AISHE (All India Survey on Higher Education) is an abbreviation for a comprehensive annual web-based survey that provides information about the state of higher education in India. The Ministry of Human Resource Development (MHRD) has been conducting the survey since 2010-11. The survey covers all higher education institutions in India and collects data on various parameters, including teachers, student enrolment, programs, exam results, education finances, and infrastructure.

The data collected through AISHE is used to calculate indicators of educational development, such as institutional density, Gross Enrollment Ratio (GER), pupil-teacher ratio, Gender Parity Index (GPI), and per-student expenditure. The information gathered from the survey helps in making informed policy decisions and conducting research aimed at improving the education sector.

At Karnataka Sanskrit University, data for this project is submitted annually, and the information for the last academic year, 2022-23, has already been provided by the university and all its affiliated colleges.
